

## A BIG SENSATION.

Warrants Issued for the Arrest of Senator M. S. Quay, His Son and Others.

### THE QUAYS SURRENDER THEMSELVES.

Accused of Conspiring With Cashier Hopkins to Use Public Monies for Their Own Use.

Ex-State Treasurer Haywood and Charles H. McKee, Law Partner of Lieut. Gen. Lyon, Have Not Yet Been Arrested—Friends Say It Is a Conspiracy.

PHILADELPHIA, Oct. 4.—Warrants were issued Monday for the arrest of United States Senator Matthew Quay, his son Richard R. Quay, ex-State Treasurer Benj. J. Haywood and Chas. H. McKee, of Pittsburgh, law partner of Lieut. Gen. Lyon. They are accused of conspiracy with John S. Hopkins, formerly cashier of the Peoples' bank, to use public monies for their own use. Hopkins killed himself last March, shortly before the bank's failure.

Senator Quay and his son came up from Atlantic City as soon as they

"Senator Quay and his son Richard both had their personal notes, discounted at the bank, the last of which matured after the bank had closed its doors. These notes were all promptly paid when due, and neither Mr. Quay or his son is indebted to the bank one dollar that I know of. My feelings toward Mr. Quay and the other men are of the most friendly character. Mr. Quay and I had our differences in days gone by, but they were patched up long ago."

The news struck political circles of all shades of faith like a thunderbolt, and a variety of explanations were given and discussed throughout the day. Secretary of the Commonwealth David Martin said he knew nothing beyond the newspaper statements. The affair acquires additional significance from the fact that it comes in the midst of one of the most bitter campaigns ever fought between Quay and his opponents, involving the question of his re-election to the senate.

## BRUNSWICK, GA., FLOODED.

One Thousand Houses and Stores Damaged—The Property Loss Will Foot Up Half a Million Dollars.

SAVANNAH, Ga., Oct. 4.—The Morning News correspondent at Brunswick, Ga., has filed the following bulletin at Baxley, Ga.: Brunswick and its vicinity flooded and inundated; a thousand houses and stores damaged; one-half million dollars property loss and list of dead, now small, is increasing. Three thousand people sought refuge from rising waters and 80 blocks in heart of city was under six feet of water for 12 hours. I left on special train with two operators and instruments to tap wire. Struck an opening here and believe I am the only newspaper man that got out of Brunswick with story of greatest flood since the sea island affair. Seventy miles of wrecked country just passed through. Have left two men in Brunswick penetrating woods and islands in boats. They are instructed to leave Brunswick Monday night and come until they reach me with the story of Monday's developments.

The builders of the battleship Kentucky say the big fighting machine is 15 per cent completed.

Perhaps the woman who knows most about women convicts in English prisons is Adeline, Duchess of Bedford. Her Grace holds special permission from the Home Secretary to visit the convict prisons in which women are incarcerated for longer periods than two years, and very excellent use she has made of the great trust reposed in her. With her colleague, Lady Battersea, she does everything in her power to give the prisoners under their discharge a fresh start under improved conditions. The Duchess is a handsome woman, in the prime of life, and when speaking from the platform her charming voice is curiously like that of her sister, Lady Henry Somerset.

heard of their intended arrest. They promptly surrendered themselves and Magistrate Jermon held them in \$5,000 bail each for a hearing at noon next Thursday. Davis H. Lane, the republican leader, became their bondsman, and Monday afternoon they returned to the seashore. By advice of their attorney they declined to discuss the case. They will come back to the city on Wednesday so as to be in full time for the hearing.

Mr. Haywood is in Montana and Mr. McKee in New York.

United States Senator Penrose, who was with his colleague, spoke freely after the latter's departure for Atlantic City.

"I presume Senator Quay will not make any statement at this juncture," said he, "regarding this last dastardly attack of his malevolent enemies, though he doubtless will in the proper time. There is, however, no reason why I, as his colleague and personal friend, should be silent.

"Attempted assassination of character has been almost the sole weapon of attack employed by Senator Quay's opponents for several years, and the methods pursued have been augmented in viciousness and vindictiveness as their futility has been demonstrated. As the last despairing effort of unscrupulous conspirators comes this brutal move of the opposition, which they have had upon their programme for weeks."

The warrants were made out on Saturday by Magistrate Jermon at the instance of District Attorney Graham and on the affidavit of Charles F. Myers, of the district attorney's office. Myers is a detective and acted on information furnished by Thomas W. Barlow, receiver of the Peoples' bank.

District Attorney Graham said that from evidence in the shape of letters and papers furnished to him he believed it his duty to begin proceedings. He added:

"I propose to have a hearing as quickly as possible and to produce at that hearing all the facts necessary to a binding over. Some facts will be reserved until the time of the trial. If the state of affairs as represented to me is true it ought to be exposed. This rottenness ought to be showed up no matter upon whom it reflects. It is not my practice to speak in advance of the trial of a case, and I will say nothing further as to its merits."

Mr. Graham expressed a firm determination to proceed vigorously.

James McManes, former president of the defunct Peoples' bank, said he had known the warrants were to be issued, although he had nothing to do with the action. He asserted ignorance of any transactions justifying it. Mr. McManes added:

seriously burned in the forest fires, was brought to this city Monday in a critical condition and it is thought he can not live. A 4-year-old daughter of Rudolph Miller and a 7-year-old son of Nels Swanson were found in the woods one and one-half miles northeast of Almena so badly burned that they can not recover. Mrs. Frank Heinrichmeier at Poskin Lake, died Monday morning as the result of fright and exhaustion in fighting fires.

### MOB WORK IN CHINA.

Foreigners, Including Americans, Are Subject to Daily Insult—All Foreigners to Be Exterminated.

LONDON, Oct. 4.—The Peking correspondent of the Daily Chronicle telegraphing Saturday by way of Shanghai, says:

"A mob is menacing foreigners. The wife of the Italian minister was attacked Sunday while on her way to church, and several Americans coming from the railway were wounded by stones. The foreign ministers have sent a collective note to the government asking for the suppression of these outrages and the punishment of the culprits."

Yamantzu, leader of the rebellion in the Sze Chuen province, has issued a proclamation ordering the extermination of all foreigners.

### Dr. Nancy Guilford Remanded.

LONDON, Oct. 4.—Nancy Guilford, the midwife of Bridgeport, Ct., or the woman suspected of being Dr. Guilford, was remanded at Bow street police court here Monday for a week after evidence had been presented proving her identity with the woman who landed at Liverpool last week from the steamer Vancouver. The initials "N. A. G." were found on articles in her possession.

### Rice Crop Damaged.

CHARLESTON, S. C., Oct. 4. Sunday's hurricane and the storm of two weeks have done but small damage to property in this vicinity, but the loss to rice growers was very heavy. Even the damage done by the great storm of 1893 has been exceeded. It is variously estimated by the planters and rice brokers that the loss will be from 80 to 90 per cent.

### The Schools in Manila to Resume.

MANILA, Oct. 4.—The United States transport Scandia has arrived here and the United States transport Arizona has departed. The American authorities here have invited all the school teachers to resume the instruction of their classes. The schools have been closed since the surrender of Manila to the Americans.

land. Their going and coming has been kept as mysterious as possible. They have avoided hotels, fearing publicity being given their plans.

It is believed that every ship building, gun making and armor plate making firm in the United States has been in the negotiations. The projectors claim they can raise a capital of \$200,000,000. One of their fond dreams, which may or may not become a reality, is said to be the securing of a canal from the great lakes to the sea, all on United States territory. The yards for building war ships could then be located on the lakes.

Among the Clevelanders who are in the deal is said to be Col. Myron T. Herrick, president of the Society of Savings, and Robert Wallace, president of the Cleveland Ship Building Co. Dr. Gatling, the famous inventor of guns, has been here in conference with other men in the deal. His new invention, the immense gun which was cast in one piece at the Otis steel works, has excited discussion in the private conferences. The foreigners who visited the city were taken to the Otis works and examined the big plant carefully.

Armstrong, the inventor of the gun which bears his name, has also been here. Andrew Carnegie is one of the chief men in the negotiations. The new combine may need his armor plate factory.

Robert Wallace is now in the west with several of the foreigners who visited Cleveland. Before he returns he will stop in San Francisco, and the proprietors of the Union Iron works, which built the famous battle ship Oregon, will be approached as to whether they will come into the deal.

Some time ago, Murray A. Verner, of Pittsburgh, a promoter who has engineered many deals for Carnegie, was in Cleveland and took up the great project with local men.

### AT TIEN TSIN.

Foreign Fleets Assembling There—Adm. Dewey Directed to Send the Protected Cruiser Baltimore at Once.

WASHINGTON, Oct. 4.—The state department has received the following cablegram from Minister Conger at Peking: "There is no serious danger yet, but considerable anxiety for the future. The foreign fleet is assembling at Tien Tsin. Some of the ministers are ordering marines to Peking for legation guard."

It was stated Monday afternoon that the gunboat Petrel, which did such work in the battle of Manila, has also been ordered to China. The Petrel can go up to the capital and take care of Minister Conger and other Americans.

NEW YORK, Oct. 3.—A special to the Herald from Washington says: Instructions have been sent by Secretary Long to Rr. Adm. Dewey directing him to send the protected cruiser Baltimore at once to Tien-Tsin, China.

This action shows conclusively the concern felt by the administration at the existing condition of affairs in the Celestial empire. It would seem to indicate that more sensational information had been received from Minister Conger than the authorities have made public.
